

Direct Cremation

The charge for direct cremation includes basic necessary authorizations, basic services of staff, removal of remains from a professional facility during normal business hours, local transportation to the crematory, and the crematory fee. This charge does not include the use of facilities for any viewing, public or private, prior to the cremation. State and local laws do not require a casket for direct cremations. If you want to arrange a direct cremation, you can use an alternative or cremation container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are made of cherry, oak, poplar, pine, veneer, fiberboard or cardboard. Alternative/cremation containers are not required by law but are requirements of the crematory. The minimum available is a cardboard tray. A complete description of these containers is found under the heading "Cremation Containers." Our charge for a direct cremation ranges from \$1500 to \$4800.

Direct Cremation with container provided by the purchaser	\$ 1500
Direct Cremation with cardboard cremation container	\$ 1575
Direct Cremation with basic alternative container	\$ 1700
Direct Cremation with minimum casket	\$ 2295
Direct Cremation with casket selected from Advent	\$ 1500

(In addition to the cost of the casket)

Please note: If you choose to have a visitation/funeral service/memorial service, there are different and additional charges for these services. These charges include identification by photo (not in-person) and do not include the medical examiner's fee, any other cash advance other than the crematory fee, or the use of the facility for viewing or visitation. In Virginia, the fee charged by the medical examiner's office for approval is \$50; in Washington, D.C. it is \$75. The family room at the crematory may be available with a minimum of 24 hours notice for a family's viewing of the commencement of the cremation for \$495. For the return of cremated remains within 36 hours of the time of arrangement or conclusion of visitation/viewing/identification or service with the body present, please add \$150 in addition to any rush transportation arrangements that you may request.

To protect the health of our families and employees, in-person identifications are for identification purposes only and are not intended to serve as visitations or viewings. To minimize exposure, in-person identifications are limited to a maximum of five family members for fifteen minutes.

Certain funeral services may be provided off-premises by other funeral service providers.
